My cabinet and I watched it yesterday in preparation for our virtual assembly, and they said they felt you connected with them right away. Also, they felt your message was compelling. It's absolutely the message we need in the world right now.

It is just what kids and adults need to hear right now! Your delivery is articulate, passionate, heartfelt, personal, authentic, genuine, and absolutely piercing. I had tears and smiles as I listened to your wisdom. Outstanding honoring of Dr. King!

It was really inspiring and made my day, and I might have even teared up at one point. :) So, I just wanted to thank you for reminding me to be the best I can be and inspiring me always to be kind.

- Dylan Shipman (Student)

“
Your message inspired SO many of our students. All day long, students were talking about your message. I thought your message was thought-provoking and inspiring! I told our admin team that your message was probably the best one I have ever heard in 18 years!

- Kara Crum (Educator)

I loved the message, and the follow-up questions are great! There is a lot of powerful thinking in that. I found myself evaluating my own actions. I have some areas of growth for sure. Truly thank you so much, and I can't wait to work with you again!

- Sasha Deyarmin (Elementary principal)
